

ABOUT THE JOURNAL

General description

Auspicia is an independent, peer-reviewed scientific journal on the social sciences and humanities. The journal presents original scientific contributions on core areas of its field of focus, as well as currently significant and solved problems. In the form of overview studies, many of them constitute proposals for a real solution to specific problems, polemics in the sense of academic plurality of opinions.

The journal is based on five respected principles:

- proper and rigorous review procedures;
- internationality;
- openness;
- selectivity;
- continuous improvement in quality.
